*Please answer the following questions, keep in mind that a percentage of your overall score is over the neatness of your application.*

Tell us a little about yourself:

What activities and organizations, in and out of school, are you involved with?

What are some of your special interests or hobbies?

What recent awards or honors have you received?

What are your post-graduation plans and life ambitions?

What type of community service are you involved in?

What talent will you be performing for the contest? (You will have 3-5 minutes for your talent. If you are doing a speech you cannot have notes and it needs to be on the subject of business or the history of Cass County.)
